Michigan Association of Airport Executives Names Sean Brosnan Airport Manager of the Year

Lansing--Sean P. Brosnan of the Wayne County Airport Authority (WCAA) has been named Airport Manager of the Year by the Michigan Association of Airport Executives. The annual award is presented to the individual who has made a significant contribution to the development of their airport and the betterment of aviation in their community. Brosnan received this honor at a banquet in Mt. Pleasant, Mich., held in conjunction with the Association's annual fall conference.

"Sean has been an advocate of Michigan aviation, and his tireless efforts toward the development of Willow Run Airport made him an easy choice for the award," said former President of MAAE Cliff Moshoginis.

Mr. Brosnan was recognized for his accomplishments while serving as the Director of Willow Run Airport in Ypsilanti, Mich., a position he held from 1996 until March 2008. Since that time, Brosnan has transitioned to a new role as Director of Emergency Management for WCAA, which operates both Willow Run Airport and Detroit Metropolitan Airport.

"The Airport Authority is proud that Michigan's airport executives have recognized Sean's extraordinary leadership and talent, which have served to strengthen the Airport Authority's mission to operate the safest and most efficient airports possible," said WCAA CEO Lester Robinson.
